WHAT MUST I BRING WITH ME WHEN I AM TRAVELLING?

- **Green Shield Identification Card**
- **Provincial Health Care Card**
- **This Brochure (for reference only)**

If you don't have a Green Shield Identification card, login to your plan member services at greenshield.ca or mobile app "GSC on the Go" to view your digital ID card. You may also contact Green Shield at 1-519-739-1133 or call toll free 1-888-711-1119 prior to your departure.

WHAT BENEFITS AM I COVERED FOR?

Eligible services shown will be reimbursed based on the usual, reasonable and customary charges in the area where they were received. The claimant must be covered under their applicable provincial government health plan at the time expenses are incurred. If your provincial health insurance plan includes out-of-Canada benefits, hospital and medical services are eligible only if your provincial health insurance plan provides payment toward the cost of incurred services.

- **Hospital services and accommodation** up to a standard ward rate in a public general hospital.
- **Medical/surgical services** rendered by a legally qualified physician or surgeon.
- **Emergency air ambulance** (including a medical attendant when necessary) when it is medically necessary for you to travel from a location in North America to your province of residence.
- **Ambulance Transportation**, when required as the result of an accident or acute physical disability by professional land ambulance from the site of medical emergency to the nearest medical facility.
- **Emergency commercial transportation costs** may be covered for a patient when medically fit to travel home for treatment, and may also cover the cost to transport a spouse to accompany the patient. Call Green Shield Canada Travel Assistance Service for verification.
- **Referral services** including hospital services and accommodation up to a standard ward rate in a public general hospital, and/or medical surgical services rendered by a legally qualified physician or surgeon. **You must receive pre-authorization from your provincial government health plan and Green Shield prior to the commencement of any referral treatment. You must provide Green Shield with a letter from your attending physician stating the reason for the referral, and a letter from your provincial government health plan outlining their liability. Failure to comply in obtaining pre- authorization may result in non-payment.**

MANDATORY REPATRIATION

Upon notification of the necessity for treatment of an accidental injury or medical emergency, Green Shield Canada Travel Assistance reserves the right to determine whether repatriation is appropriate if the patient's medical condition will require immediate or scheduled care. Such repatriation is mandatory, where the attending physician and family or admitting physician determine that the patient is medically fit to travel and where necessary, appropriate arrangements have been made to admit the patient into the provincial health care system. Repatriation will ensure continued coverage under the plan. Should the patient opt not to be repatriated, no further benefits will be paid under the plan for the resolved emergency. Up to \$1,000 will be allowed to return the patient's personal use motor vehicle to the patient's residence or nearest rental agency, as applicable.

WHAT ARE THE LIMITATIONS TO THESE BENEFITS?

- Services eligible only when required as a result of accidental injury or emergency while traveling, or referral by your attending physician.
- Services are eligible only if normally covered by your provincial government health insurance plan.
- Eligible only if your provincial government health plan pays a portion of the cost (except with respect to expenses incurred out-of-Canada and the provincial government health plan does not cover out-of-Canada

expenses).

- Air ambulance eligible if:
 - there is a medical need for you to be confined to a stretcher or for a medical attendant to accompany you during the journey, and
 - you are admitted directly to a hospital in your province of residence.
- Land Ambulance Service if medically necessary up to the usual, reasonable and customary rate for the area.
- You must contact GSC Travel Assistance immediately following any occurrence requiring emergency out-of-province medical care and prior to receiving treatment, except where advance notice cannot reasonably be provided due to medical or other exceptional circumstances. Failure to contact Green Shield Travel Assistance prior to receiving treatment may result in your claim being denied or reduced.
- Benefits will be eligible only if existing or pre diagnosed conditions are completely stable (in the opinion of Green Shield Canada Travel Assistance) during the 90 day period immediately preceding departure from your province of residence. Green Shield Canada reserves the right to review your medical information at the time of claim.

WHAT IS NOT COVERED UNDER THIS PLAN?

Exclusions include but are not limited to:

- Charges for services over and above the usual, reasonable and customary charges in the area the services were received.
- Transportation and lodging.
- Cost to repatriate remains.
- Cost for rest cures, health spas, or travel for reasons of health even if the trip is on the recommendation of a physician.
- Treatment or services for ongoing care, elective surgery or checkups - elective health services are defined as those services:
 - where vacation or travel is solely for the purpose of obtaining treatment, or
 - which can be planned or anticipated ahead of time, or
 - which has not received "prior approval" from the provincial health plan ministry
- Services received from a chiropractor, chiropodist, podiatrist, or for osteopathic manipulation.
- Benefits and services for which you receive reimbursement from a third party.
- Any claims you suffer or contract in a specific country, region or city due to an epidemic or pandemic, if at the time of booking the trip (including delay of travel), or before your departure date, a formal travel warning has been issued advising Canadians to avoid all or non-essential travel to that specific country, region or city.
- Treatment or service required as a result of suicide, attempted suicide, intentionally self-inflicted injury of you, a traveling companion, or immediate family member;
- Treatment as a result of abusive or excessive consumption of medication, drugs or alcohol and the ensuing consequences, including, or in any way associated with driving any motorized vehicle while impaired by drugs, alcohol or toxic substances or an alcohol level of more than 80 milligrams in 100 millilitres of blood.
