

FREE ONLINE SEMINAR

The EV Shift: Challenges and opportunities for Canadian Auto?

In partnership with McMaster University, Unifor is offering an online educational course with Guest Speaker Angelo DiCaro who is the director of Research for Unifor. This course is part of the **McMaster/Unifor Labour Studies Certificate Program**.

The next course being offered is a two-evening video conference course scheduled for Monday 7th and 28th March. Join us from the comfort of your own home and discuss and learn about the future of the auto industry.

New workers, veteran workers, and retirees are all encouraged to attend this course.

For more information contact **Vince Guardari or Ashley Kofsky, 905-641-6527**. To register for a course, fill out the online form:
